HÅG Capisco Puls®

Small moves. Great ideas.

You never get a second chance
for a first impression, sit down
and experience a HÅG chair

Born out of the legendary
“saddle chair”.

Designer icon
– Red dot design award

For all table heights

A contemporary and flexible
chair, it represents an evolution
in form, function and usability.

Do nature a favour.
I’m 98 % recyclable.

We have something in common:
We were born to move.

HÅG Capisco Puls®

Trendy Playfulness and Modern Sophistication

Born out of the legendary "saddle chair", HÅG Capisco Puls represents a new generation, attuned to the contemporary, dynamic workplace.

Like its predecessor, HÅG Capisco, it is based on our understanding of the human body and its constant need to move. HÅG Capisco Puls continues the legacy, while expanding the horizon of the Capisco family. A contemporary and flexible chair, it represents an evolution in form, function and usability. Capisco Puls' new sleek and light shape, reflects the rhythm of a brave new generation.

HÅG Capisco Puls is designed for active sitting. It facilitates a variety of energising sitting positions, creating a dynamic flow in people's work life. A life with "pulse" is a healthy, active and productive life.

HÅG Capisco Puls: makes your heart beat.

HÅG CAPISCO PULS USER ADVANTAGES:

Unique form, expressing lightness, movement and energy.
Easy to create inspiring workspaces.
5 plastic colours and all textiles in the HÅG Total Colour Standard.

Easy adjustment of chair

- Seat height adjustment - from normal sitting height to a semi-standing position
- Seat depth and back height adjustment (n.a. for 8001 and 8002)
- Adjustable backwards tilt tension (n.a. for 8001 and 8002)

The unique saddle seat with BalancedMovementMechanism™

- The shape of the seat and mechanism allows you to sit in balance and to move easily forwards and backwards
- Gives you an upright sitting posture and a natural curvature in your lower back

10 years guarantee
Lifetime guarantee on gas lift
Environmentally-friendly

- Small amount of PUR foam – results in unbeatable low "carbon footprint" – EPD pending
- GREENGUARD certificate - ensures the chair is free of hazardous emissions - pending
- Green electricity certificates

Optional cushion on 8020 and 8002 for extra sitting comfort, available in Nexus.

HÅG's quality system is approved according to NS-ISO 9001. We were the first office chair manufacturer to become ISO 14001 certified, EMAS registered and to receive ISO 14025-based environmental declarations for our chairs. HÅG office chairs are tested in accordance to EN 1335 Class A. For more detailed information please contact your HÅG dealer or visit our web: www.hag-global.com

PHYSICAL MEASUREMENTS FOR HÅG CAPISCO PULS	8001	8002	8010	8020

* Standard lift delivered with this chair

HÅG Capisco®

Small moves. Great ideas.

Inspired by the horseback rider,
"active" sitting position.

Varied work position improves circulation, efficiency and well-being.

For all table heights

Foot support: Provides the feet with support and variation.

Designer icon

You never get a second chance for a first impression, sit down and experience a HÅG chair

HÅG Capisco®

The Saddle Chair™

Up and down.

HÅG Capisco is inspired by the horseman's saddle and sitting posture. No one sits as actively as a rider in the saddle. When you work sitting on a HÅG Capisco, you'll be inspired to greater freedom of movement, variation and new natural sitting positions. HÅG Capisco allows you to sit as high or low as you want. No other work chair is so well adapted to work stations of different heights. Sit down and adjust it from a normal table height to a semi-standing position.

Its award-winning design fits into creative meeting rooms and any other place where you want to work and move in a different way. It's also a great chair for dentists and surgeons who work in semi-standing positions or when used back-to-front so that the back panel supports the chest.

Experience the numerous benefits of this unique sitting solution.
