OPEN / COMMUNICATIVE

Always ready for the next step.

With terri tory, the name says it all: Regardless of whether entire office landscapes are required or individual workplaces are to be separated, with its modular design, simple planning and high degree of flexibility, terri tory offers unlimited possibilities for room layouts and, at the same

time, provides the storage space you need. Which means you can always plan ahead. After all, with terri tory, you are able to react to changing requirements at any time and redesign or gradually extend your rooms.

CLOSED / FOCUSED

Quick and simple assembly. Just turn the Sedus key a quarter turn (90°) and the box and shelf are securely connected thanks to a specially developed fitting element.

Discover, plan, design.

With territory it takes just a few clicks of the mouse to realise your ideas: The territory online configurator makes room planning and design both simple and effective. The configurator not only allows you to get to know all the elements of this modular storage range at first hand but

also enables you to configure these to precisely meet your wishes and needs. For productive well-being – from classical and elegant to modern and stylish. Perfectly tailored to suit your tastes. Why not give it a try: www.sedus.com/en/territory

One system – an infinite number of solutions.

terri tory is open to anything – the functional shelves in widths ranging from 800 mm to 2400 mm can be simply and quickly linearly connected. The 800 mm boxes can also be used to form corner configurations. With its flexible height of up to four layers, just the right degree of visual protection is ensured for fostering both communicative areas and workstations for concentrated work.

Connecting element. The shelves are available in five different widths, from 800 mm to 2400 mm, and can be connected to the boxes in an instant.

Totally practical. The storage boxes come in a range of sizes. Depending on your requirements, they are available as shelving, and with drawers, filing frames or upward-opening flaps.

Variety is key. Pure white or graphite black, with real wood veneer or laminate – when it comes to colours and materials, terri tory can satisfy almost every wish.

Practical and functional.
With its extensive range of accessories, territory is ideal for promoting a climate of productive well-being.

Attractive and versatile.
The screen and decorative inserts offer a wide range of options for achieving the ideal balance between communication and concentration.

Companies, people and the environment all benefit.

Sedus is committed to transforming working in an office into a profitable experience for all. For the benefit of both companies and their employees. This mission statement is laid down in the corporate policy and encompasses all of the aspects which are so vitally important for office work.

Place 2.5 stands for the new office culture of productive well-being. The concept is based on perfect ergonomics, functionality and working conditions. Design, light, acoustics, atmosphere and air are just some of the other elements. The result is office environments designed to enhance well-being, in which people like to work and are therefore more productive.

Sedus' thinking is holistic and customer-oriented: companies today require not just office furniture, but needs-orientated solutions for efficient working processes. What they want is future-proof office working environments that are consistent with the corporate culture. Sedus delivers just that with its comprehensive, flexible product range and with its individual consulting and planning services.

Sustainability and quality "Made in Germany" have been the cornerstone of Sedus' success for more than 50 years now. In addition to working in a way that conserves resources, designing products which are recyclable, using ecologically tested materials and being energy-aware in its manufacturing, Sedus pursues one thing above all else: product quality that lasts, because that's what is best for the environment. The latest example: innovative laser edging. All products which carry the emblem "lasered by Sedus" guarantee seamless edge processing of the highest quality. In terms of aesthetics and material technology, the advantages are impressive: flawless beauty, robust durability and a bonus for the environment.
